

A New Chapter in Measurement Solutions for Aerospace & Defense

LMS, formerly known as Liquid Measurement Systems, is a leading provider of advanced fuel measurement and management solutions for the aerospace and defense industry. With a legacy of over 30 years, LMS has built a reputation for delivering precise, reliable, and innovative products that help customers optimize performance and achieve mission success.

A History of Success

LMS has a proven track record of providing trusted aircraft fuel gauging and management systems to leading aircraft manufacturers and operators worldwide. The company understands the critical role of accurate fuel measurement in ensuring safe and efficient flight operations. LMS is committed to providing customizable, reliable, and cost-effective solutions that keep aircraft flying at their best.

Key Successes:

- **DHC-515 FIREFIGHTER™**- LMS is supplying advanced fuel management solutions for cutting-edge firefighting aircraft, including the next-gen DHC-515 FIREFIGHTER Aircraft.
- **Supporting the National Guard**- Since 2005, LMS has proudly supported the National Guard's fleet with advanced fuel measurement solutions.
- **CH-47 Expertise**- LMS has provided long-term support for the CH-47 Chinook helicopter, including the latest CH-47F Block II variant.
- **Groundbreaking X-59**- LMS contributed to the development of NASA's X-59 Quesst supersonic jet with its advanced measurement technology.
- **MD 500 Series Helicopters**- LMS supplies the fuel quantity measurement system for the MD 500 series helicopters.
- **Stratolaunch Talon-A**- LMS designed, developed, qualified, and delivered the fuel quantity indicating system (FQIS) for Stratolaunch's Talon-A hypersonic flying testbed.
- **Bombardier Q400**- LMS provides auxiliary fuel gauging solutions for the Bombardier Q400 aircraft.

A Customer-Centric Approach

LMS is embarking on a new chapter with a renewed focus on customer relationships and tailored solutions. The company is committed to continuous improvement, refining its existing products and services to enhance accuracy, improve integration, and provide even greater value.

Looking Ahead

LMS is poised to expand its capabilities and explore new opportunities while staying true to its core values. The company is committed to advancing measurement solutions and helping its customers achieve new levels of performance and safety.
